

SPEC SHEET : TEFLON/PTFE
SERIES : KN5605/EXPANDED PTFE

Application :

Expanded 100% virgin PTFE using a proprietary process that products a uniform and highly frbrillated microstructure with equal tensile strength in all directions.

Color : **White**

Temperature :	-240°C up to 270°C For short periods up to 315°C
Chemical resistance :	Chemically inet against all substances (PH 0-14), including the most aggressive acids and lyes.
Operating pressure :	From vacuum up to 200 bar
Aging :	Not subject to aging or weathering. It can be stored indefinitely.
Safety :	FDA regulations for food.
